Diseases that progress rapidly to a crisis are not the only ones to be dreaded. Canker or dry rot does not blast a tree as suddenly as a stroke of lightning, but unless arrested, it destroys it as certainly; and in like manner chronic debility, although it does not kill with the swiftness of ye fover, is as sure to the swiftness of ye fover, is as sure to disease, if not checked by invigorating medication. There is something incerpressibly touching in the speciacle of premature decay. Languor, pallor, emaclation, depression of spirits, and distasts for exertion, are its ordinary symptoms, and they should be promptly met by tonic treatment. The best invigorant and exhilarant that can be administered in came of this kind is HOSTETTER'S STOMACH BITTERS. The stimulating principle of the preparation rouses the document emergies of the system, and the strengthening and regulating properties give a permanent and healthful impulse to the vital forces thus brought into play. The failing appelite is re-awakened, the process of digestion and assimilation are quickened, the quality of the blood is improved, the secretions become more natural, and every organ that contributes to the nourishment of the body undergoes salutary change. By these means the repair of the physical structure is effected and its health and vigor restored. In no class of diseases has the benificent operation of the Bitters been more marked and striking than in those characterized by general debility and heavyons prostration. Ladies affected with these all tonics and correctives the safest and surest means of relief. It is strong to restore and powerless to injure. Such is the uniform testimony of "clouds of witnesses."

THEOLOGICAL SEMINARY Greenville, S. O.

JAMES P. BOYCE, D. D., Professor Systematic Theology.

JOHN A. BROADUS, D. D., Professor of In terpretation of the New Testament. IL MANLY, JR., D. D., Profe lical Introduction, Polemic Theology, and Proparation and Delivery of Sermons.

REV. CRAWFORD H. TOY, Professor of Interpretation of the Old Testament, and Oriental Languages. WM. WILLIAMS, D. D., Professor of Church History, Church Government, and Pastoral

The next session (of eight months) opens on Thursday, September 1st, 1870, when there will be an Introductory Lecture by Dr. Borce. It is on many accounts important for

students to be present on the very first day.

THE STUDIES

Are exclusively Theological. The Seminary does not undertake to supplant a college or Grammar school, in giving literary instruction. Those who need that must seek it, where it is appropriate. But in pursuing the extensive course included strictly under Theology, instruction is given adapted to different grades of preparation; so that the best college graduates and those who have only a good Esglish education, may both find such courses as they respectively need. There are eight distinct Departments or Schools, several of which have two or three classes each.

SELECTION OF STUDIES. A student selects, with such advice as he may desire from the professors, the subjects to which he devotes himself for the year. If successful, he can graduate in the departments he has chosen, and the next year, if he is able to return, pursues the other parts of the course, to complete which requires usually three to four years, according to preparation and diligence.

PASTORS ATTENDING FOR ONE YEAR, On leave of absence from their churches, might find their minds directed as to the method of study, the books which are most available, the topics which need investigation; and by their presence among the students might both receive and impart stimulus and practical experience in their great life-work.

There are no charges for tuition, nor fees of any kind. Some of the rarer and more expensive text-books, as in the Languages, are losned to the students. The cost of those which it is necessary to buy varies from ten to twenty-five dollars a year. They may be procured in Greenville at New York cost.—Board is furnished in the "Seminary Hall" at actual cost, say about ten dollars a month, including food, fuel and lights. One hundred dollars will cover necessary expenses and personal incidentals are otherwise provided for.

Greenville is in a healthy mountain region' and is reached by railroad, via Columbia, S. C. AID TO STUDENTS

C. Matilda Croft,

Who need such assistance is supplied, so far as the means contributed admit, out of a "Student's Fund," the collection and management of which has been entrusted to Rev. B. Manly, Jr. It is desired that no one, who is prepared to enter with proper qualifications, spiritual and intellectual, on the studies of the SBYTERIAN CHURCH. Semicary, shall be debarred from it by lack of means. Brethren wishing to attend are invited to write at once. Contributions for the purpose of supplying them with the necessaries of life while studying to prepare for the ministry are also respectfully solicited.

For catalogues, or further information, address

B. Mauly, Jr., Secretary of the Faculty. City Election.

ON the second Monday of September next, there will be an Election held for MAXOR and SIX ALDERMEN of the City of Greenville, to serve for the ene of Greenville, to serve for the ensuing Term. Any person constitutionally qualified to vote for Members to the General Assembly of this State, and who may have resided within the corporate limits of the City sixty days previous to the day of Election, and who shall have registered his name with the City Clerk as a voter, will be entitled to vote at soid Election.

The Books for Registration will be opened at the office of the City Clerk immediately after the publication of this notice, and will be kept open until Friday, 12th of August next.

mation.

Dr. R. W. Carr, of Baltimore, says:

I take pleasure in recommending
your ROSADALIS as a very powerful
alterative. I have seen it used in two
cases with happy results—one in a
case of secondary syphilis, in which
the patient pronounced himself cured
after baving taken five bottles of your
(medicine. The other is a case of serofcula of long standing, which is rapidly direct baying taken now oction of your functions. The other is a case of serofula of long standing, which is rapidly improving under its use, and the indications are that the patient will soon recover. I have carefully examined the formula by which your Rosadalis is made, and find it an excellent compound of electrics in the compound of electrics is a serventeed. cellent compound of alterative ingre-

dients.

Dr. Sparks, of Nicholasville, Ky., says he has used Rosadalis in cases of serofula and Secondary Syphilis with satisfactory results as a cleaner of the Blood I know no better remedy.

Benjamin Bechtel, of Lima, Ohio, writes: I have suffered for twenty years with an investrate eruption overmy whole body; a short time since I purchased a bettle of Rosadalis and it effected a perfect cure.

52 1 y PLANTATION BITTERS

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down

Wherever it is introduced it becomes a standard article---a medicinal staple. It is to-day the best and purest tonic, and the most popular medicine in the civilized world---be sure and get the genuine. Sold by all Druggists, Grocers and Country Stores. June 22, 1870.
